EDUCATION

Padre Conceicao College Of Engineering, Verna   2019-2023
Bachelor of Technology: Information Technology Engineering - 8.39 CGPA.   Verna , Goa

MES College of Arts And Commerce , Zuarinagar   2016 - 2018
class XII: Science - 62.3 Percentage.   Zuarinagar , Goa

SKILLS

Technical Skills	C, Python programming,java, Node.js, MySQL, MongoDB, HTML5 CSS3, JavaScript(ES6)
Soft Skills	Team management,Eagerness to learn
Tools	VS code,Google collab

EXPERIENCE

Intern Software Developer   Aug 2022 - Sep 2022
Enigmasoft Technologies   *Panjim, Goa*

- Developed an intuitive café table booking app, integrating real-time availability and automated notifications, which boosted reservation efficiency by 40% and increased customer retention rates by 25%.
- Engineered a full-stack application using React.js, Node.js, and MongoDB
- Enabled customers to book tables at their favorite café digitally.

PROJECTS

Prediction and Classification of Cardiac Arryhthmia using 2D-CNN :   Code

- Developed a Deep Learning project for predicting Cardiac Arrhythmia using the MIT-BIH dataset.
- Achieved an impressive accuracy of around 98% on the model.
- The model not only predicts whether a person is suffering from Cardiac Arrhythmia but also identifies the specific type of Arrhythmia.

Cafe Reservation Table.   Code

- Tasked with creating a café table booking application.
- Customers can book tables via the app for their favorite café.
- Replaced older methods of phone call or in-person booking.
- Utilized React.js for the frontend development. Implemented Node.js for the backend.Used MongoDB for the database management.

CERTIFICATIONS

Introduction To Machine Learning   NPTEL-IIT MADRAS

- Familiarized with diverse Machine Learning algorithms.
- Gained proficiency in applying various Machine Learning models.

Software Testing   Internshala

- The Training Consisted of Getting started with java Basics,Introduction to Automation Testing Selenium Basics.

React-Redux   SoloLearn

- Developed skills in writing clean, maintainable code with React components and Redux architecture.
